Hi Joe,  
Guam is making some changes to the draft and including the most recent information Coralie has sent. Once that has been done and we have had a chance to review it, I can send you the draft as it stands up to that point for your review.

Leilani and Jackie would like to get on the ground again in Finegayan to try to solve the orchid issue. This will be integral to finalizing that part of the BO.

We should have a phone call about orchids and butterflies. I am booked solid today, but can talk after 11am HST tomorrow.

Thanks,  
Dave

Hey Dave,  
Did you get feedback on whether it would be OK to share the completed portions of the draft BO with us now to expedite our review process?

Can you forecast when we can get delivery #1 and the final deliver of the BO?

I need to give leadership an update.  
Thanks,  
Joe
